JOURNAL OF ICHTHYOLOGY

VOLUME 21

CONTENTS FOR 1981

Number 1

V. V. Barsukov: A Brief Review of the Subfamily Sebastinae 1
I. A. Trunov: *Parakumba maculisquama* Genus and Species Family Macrouridae from the South Atlantic . . . 27
I. B. Birman: Ocean Migration and Origin of Seasonal Races of Anadromous Salmon (Salmonidae) 35
Vilhelm Bjerknes and Arne Vaag: Migrations and Catch Statistics of the Pink Salmon, *Oncorhynchus gorbusha*, in the Finnmark Area, Northern Norway 48
P. L. Pirozhnikov: Zooplankton and the Feeding of Planktivorous Fishes 54
M. K. Dzhumaliyev: The Structure of the Esophageal Epithelium in Fishes from Different Taxonomic Groups 65
A. M. Tokranov: Rate of Sexual Maturation and Fecundity of the Staghorn Sculpin, *Gymnocanthus detrisus* (Cottidae), off the East Coast of Kamchatka 76
T. N. Belyanina: The Larvae of Some Rare Mesopelagic Fishes from the Caribbean and the Gulf of Mexico 82
L. V. Badenko, G. G. Korniyenko, V. P. Chikhacheva and L. A. Altukhova: Methods for Evaluating the Quality of Sturgeon Spawners (as Exemplified in the Sevryuga, *Acipenser stellatus*) from the Kuban River 96
B. I. Prikhod'ko: Selective Fishing for the Caspian "Anchovy Kilka", *Clupeonella engrauliformis*, Using Electric Light 104
V. L. Pechkurenkov: A Method of Conducting Radiobiological Experiments with Fish 111
O. N. Kruchinin, Yu. A. Kuznetsov and M. A. Sorokin: The Diurnal Rhythm in the Activity of Some Far Eastern Species of Fish 127
L. A. Balayev: The Behavior of Ecologically Different Fish in Electric Fields II. Threshold of Anode Reaction and Tetanus 134
V. N. Mel'nikov and E. T. Prel': Some Peculiarities of the Effect of an Electric Field on Fish 144

Brief Communications

Yu. P. D'yakov: Morphometric Characterization of the Greenland Halibut, *Reinhardtius hippoglossoides* (Pleuronectiformes, Pleuronectidae), from the Okhotsk Sea 152
Yu. M. Rozenvasser and Ye. V. Mikodina: Characteristics of the Long-finned Mullet, *Mugil auratus*, Overwintering in the Black Sea and Migrating in Spring into the Sea of Azov 156
V. D. Burdak: The Location of the Longitudinal Rows of Scales in the Elasmoid Scale Cover of Fishes . . . 160
M. N. Maslova and M. M. Sokolova: Humoral Regulation of Magnesium Secretion by the Kidneys of the Downstream Migrating Sockeye Salmon, *Oncorhynchus nerka* 162
Yu. N. Sbikin: The Optomotor Reaction and Some Characteristics of the Vision of Young Sturgeon 167
N. V. Savchenko, A. G. Gusar and V. A. Getmantsev: The Locomotor Activity of Fishes in Low Illumination 171
V. P. Gnyubkina and A. G. Gamburtseva: Morphological Variations in the Coloration of the Cornea of the Eye of Fish 175

Number 2

A. F. Bannikov: Systematics and Origin of the Family Scombridae 1
P. Ya. Tugarina and V. S. Khramtsova: The Ecology of the Amur Grayling, *Thymallus grubei* 10
Ye. D. Vasil'yeva: The Lake Char, *Salvelinus alpinus*, from the Zarubikha River Basin: a Contribution to the Systematics of Chars from the Kola Peninsula 26
A. S. Sokolovskiy and T. G. Sokolovskaya: Species Composition of the Family Astronesthidae (Salmoniformes) in the North West Pacific 43
O. G. Zolotov: On Sexual Dimorphism in the Atka Mackerel, *Pleurogrammus monopterygius* 49
A. A. Nesterov: The Feeding of *Scombresox saurus* (Scomberesocidae) and Its Trophic Relationships in the Epipelagic Zone of the Ocean 55
V. V. Sukhanov: The Relationship between Feeding Conditions and Growth Variability in Animals 70
V. F. Bugayev: Time of First Annulus Formation on the Scales of Sockeye Salmon, *Oncorhynchus nerka*, in the Kamchatka River Basin 75

O. N. Kruchinin, Yu. A. Kuznetsov and M. A. Sorokin: The Diurnal Rhythm in the Activity of Some Far Eastern Species of Fish 127
L. A. Balayev: The Behavior of Ecologically Different Fish in Electric Fields II. Threshold of Anode Reaction and Tetanus 134
V. N. Mel'nikov and E. T. Prel': Some Peculiarities of the Effect of an Electric Field on Fish 144

Brief Communications

Yu. P. D'yakov: Morphometric Characterization of the Greenland Halibut, *Reinhardtius hippoglossoides* (Pleuronectiformes, Pleuronectidae), from the Okhotsk Sea 152
Yu. M. Rozenvasser and Ye. V. Mikodina: Characteristics of the Long-finned Mullet, *Mugil auratus*, Overwintering in the Black Sea and Migrating in Spring into the Sea of Azov 156
V. D. Burdak: The Location of the Longitudinal Rows of Scales in the Elasmoid Scale Cover of Fishes . . . 160
M. N. Maslova and M. M. Sokolova: Humoral Regulation of Magnesium Secretion by the Kidneys of the Downstream Migrating Sockeye Salmon, *Oncorhynchus nerka* 162
Yu. N. Sbikin: The Optomotor Reaction and Some Characteristics of the Vision of Young Sturgeon 167
N. V. Savchenko, A. G. Gusar and V. A. Getmantsev: The Locomotor Activity of Fishes in Low Illumination 171
V. P. Gnyubkina and A. G. Gamburtseva: Morphological Variations in the Coloration of the Cornea of the Eye of Fish 175

Number 2

A. F. Bannikov: Systematics and Origin of the Family Scombridae 1
P. Ya. Tugarina and V. S. Khramtsova: The Ecology of the Amur Grayling, *Thymallus grubei* 10
Ye. D. Vasil'yeva: The Lake Char, *Salvelinus alpinus*, from the Zarubikha River Basin: a Contribution to the Systematics of Chars from the Kola Peninsula 26
A. S. Sokolovskiy and T. G. Sokolovskaya: Species Composition of the Family Astronesthidae (Salmoniformes) in the North West Pacific 43
O. G. Zolotov: On Sexual Dimorphism in the Atka Mackerel, *Pleurogrammus monopterygius* 49
A. A. Nesterov: The Feeding of *Scombresox saurus* (Scomberesocidae) and Its Trophic Relationships in the Epipelagic Zone of the Ocean 55
V. V. Sukhanov: The Relationship between Feeding Conditions and Growth Variability in Animals 70
V. F. Bugayev: Time of First Annulus Formation on the Scales of Sockeye Salmon, *Oncorhynchus nerka*, in the Kamchatka River Basin 75

M. A. Sonina: Growth Rate and Sexual Maturation of the Haddock, *Melanogrammus aeglefinus* 85
L. I. Shubina: Growth and Sexual Maturation of the Caspian Shad, *Alosa caspia caspia* 98
M. L. Krykhtin and E. I. Gorbach: Reproductive Ecology of the Grass Carp, *Ctenopharyngodon idella*, and the Silver Carp, *Hypophthalmichthys molitrix*, in the Amur Basin 109
V. M. Zelenkov: Earl Gametogenesis and Sex Differentiation in the Perch, *Perca fluviatilis* 124
L. Ch. Khodzher: Sperm Production by the Baikal Omul, *Coregonus autumnalis migratorius* 131
A. V. Lyovin: Distribution and Behavior of Young Russian Sturgeon, *Acipenser guldenstadti* (Acipenseridae), in the Caspian Sea 138
L. V. Timashova: Seasonal Changes in the Structure of the Liver of the Plaice, *Pleuronectes platessa* 145
L. N. Ryzhova: Hematolotical Parameters of Some Salmonidae from Lake Baikal 152
G. A. Zenkevich, Z. M. Latse and V. P. Slanke: Structural and Functional Similarity of Pituitary Gonadotropins of the Russian Sturgeon, *Acipenser guldenstadti*, and the Sevryuga, *Acipenser stellatus* 164
Ye. P. Iyeshko, L. V. Anikiyeva and L. G. Bushman: The Use of Parasitological Data for Assessment of the Food Requirements of the European Cisco, *Coregonus albula* 172
Yu. S. Mel'nikov: Size-Age Composition and Growth Pattern of *Allocyttus verrucosus* (Oreosomatidae) 178
A. Ye. Mikulin: Causes of Diversity in Quantitative Carotenoid Content in the Eggs of the Lumpfish, *Cyclopterus lumpus* (Cyclopteridae) 185

Number 3

N. V. Parin and S. Mikhailin: A New Species of Cutlassfish, *Lepidopus dubius* (Trichiuridae), from the Eastern Tropical Atlantic Ocean 1
A. N. Kotlyar: A New Family, Genus and Species of Beryciformes, Hispidoberycidae Fam., *Hispidoberyx ambagiosus* Gen. et Sp. N. (Beryciformes) 9
V. N. Fel'dman: Morphometric Characteristics of the Sprat, *Sprattus sprattus*, of the North Sea . . . 14
V. V. Sablin and V. P. Pavlychev: The Influence of Thermal Conditions on the Migration and Catch of the Saury, *Cololabis saira*, in the North-West Pacific 21
M. N. Ivanova and V. M. Volodin: Variability in Rate of Sexual Maturation in Freshwater Populations of the Smelt, *Osmerus eperlanus* 28
A. G. Tsokur: The Larvae of *Benthosema pterota* (Alcock, 1891) Myctophidae, from the Arabian Sea 38
V. M. Kychanov: The Serum Proteins, Lipoproteins and Glycoproteins of the Inconnu, *Stenodus leucichthys*, during Gonad Maturation 54
A. G. Chernitskiy and L. A. Shterman: Osmoregulation in Smolts of Atlantic Salmon, *Salmo salar* . 63
Yu. S. Belokopytin and L. V. Rakitskaya: Hematological Indices of Ecologically Different Sea Fishes, the Black Sea Scad, *Trachurus mediterraneus ponticus*, and the Black Sea Surmullet, *Mullus barbatus ponticus*, at Rest and under Muscular Load 69
G. A. Malyukina and V. I. Martem'yanov: An Electrocardiographic Study of Chemical Sensitivity in Some Freshwater Fishes 77
T. A. Karpovich and B. I. Korlupayev: Rate of Breathing Movements and Heart Contractions in the Baikal Grayling, *Thymallus arcticus baicalensis*, during Changes in Environmental Factors . 85
N. V. Belova: The Ecological and Physiological Peculiarities of Sperm in Pond Cyprinids. Communication I. Production and Ecological and Physiological Peculiarities of the Sperm of Some Cyprinids 90
V. K. Dokholyan, A. M. Akhmedov, T. P. Akhmedova and G. S. Shleyfer: The Influence of Mercury Accumulation on Fish 103
Ye. F. Osadchaya and M. G. Nakonechnaya: *Rhabdovirus salmonis*, the Cause of a New Disease in Rainbow Trout, *Salmo gairdneri* 113

Brief Communications

O. D. Borodulina: *Polyipnus inermis* (Sternoptychidae) a New Species from the South East Pacific 122
V. E. Bekker: The First Find of a Rare Bathypelagic Fish from the Genus *Ataxolepis* (Megalomycteridae) in the Southern Hemisphere 125
A. F. Kirillov and A. K. Akhremenko: Seasonal Changes in Energy Substrate Concentration in the Tissues of the Vilyui Reservoir Perch, *Perca fluviatilis* 129
A. A. Yarzhombek, T. V. Shcherbina, V. I. Zdor, L. A. Pinchukov and I. F. Gmyrya: Absorption Rate of Some Substances in the Intestines of Carp, *Cyprinus carpio* 134
B. P. Kostrov and I. A. Shekhanova: Effect of Mercuric Chloride and ^{32}P on the Respiration of the Embryo of the Loach, *Misgurnus fossilis* 138
L. B. Klyashtorin: The Ability of Sturgeons (Acipenseridae) to Regulate Gas Exchange 141

Number 4

A. A. Kazantseva-Selezneva: The Phylogeny of the Lower Actinopterygians 1
A. N. Kas'yanov, V. N. Yakovlev, Yu. T. Izyumov and N. N. Zhgareva: Variability of Pharyngeal Teeth of the Roach, *Rutilus rutilus*, in Relation to Diet 17
A. N. Payusova and T. N. Tselikova: Differentiation of Populations of Grass Carp, *Ctenopharyngodon idella*, Silver Carp, *Hypophthalmichthys molitrix*, and Bighead, *Aristichthys nobilis*, from Electrophoresis Myogens 23
S. A. Abdel'-Malek: Some Data on the Distribution and Biology of Commercial Fishes of Lake Quarun (UAR) 31

V. A. Rikhter: The Dynamics of Optimum Fishing Intensity of Fish Species with Strong Fluctuations in Abundance 38
A. K. Prits and M. M. Vankevich: Forecasting of Absolute Fish Population Abundance under Stationary Environmental Conditions 49
M. I. Pirogovskiy and T. A. Fadeyeva: The Size-Age Composition of the Sevryuga, *Acipenser stellatus*, during the Marine Period of Life 54
D. K. Dirin-Khalturin: Causes of Size-Age Differences in Young Salmon and Spawners (Salmonidae) . . 64
Z. S. Sil'yanova: Oogenesis and Stages of Maturity of Fishes of the Family Nototheniidae 81
S. G. Soin, A. O. Kasutyan and N. I. Pashchenko: Ecological and Morphological Analysis of the Development of the Minnow, *Phoxinus phoxinus* (Cyprinidae) 90
G. P. Rudometkina: Postembryonic Development of *Diplophos taenia* Günther, 1873 (Gonostomatidae) from the Atlantic Ocean 106
I. A. Barannikova, A. A. Boyev, G. A. Zenkevich, Z. M. Latse and L. P. Soltitskaya: Efficacy of Purified Sturgeon Gonadotropin and Other Pituitary Preparations for Ovary Maturation in the Russian Sturgeon, *Acipenser güldenstädti* 114
V. V. Konchin: Analysis of the Rate of Gas Exchange in Young Roach, *Rutilus rutilus* 122
A. Ye. Mikulin: Spectral Characteristics of the Eggs of Some Species of Fish 133

Brief Communications

N. N. Gorbunova: Larvae of the Genus *Vinciguerria* (Gonostomatidae) with Keys 138
L. V. Sivtseva and V. N. Dubrovin: Some Patterns in the Quantitative Distribution of Carotenoid Pigments in the Body of Rainbow Trout, *Salmo gairdneri* 142
V. I. Klimov and G. I. Ogurtsov: Peculiarities of Behavior in Hatchery Produced Carp Larvae, *Cyprinus carpio* 147
N. D. Mazmanidi and Ye. G. Dzhavelidze: The Influence of Some Oil Dispersants on the Embryonic Development of the Flounder, *Platichthys flesus luscus* 150

Number 5

M. K. Glubokovskiy and I. A. Chereshnev: Unresolved Problems Concerning the Phylogeny of Chars (*Salvelinus*) of the Holarctic: I. Migratory Chars of the East-Siberian Sea Basin 1
O. F. Gritsenko: Population Structure of Pink Salmon, *Oncorhynchus gorbuscha* 16
Y. P. D'yakov, E. Z. Koval' and L. V. Bogdanov: Interspecies Biochemical Polymorphism and Population Structure of the Greenland Halibut *Reinhardtius hippoglossoides* Walbaum (Pleuronectidae) in the Bering Sea and the Sea of Okhotsk 29
Z. M. Kuliyev: Morphobiological Characteristics of the Sea Zander *Schizostedion marinum* Cuvier from the Caspian Sea 36
V. V. Rubtsov: The Dependence of Some Morphophysiological Characteristics of the Eggs of the Carp *Cyrinus carpio* L. on Changes in the Microstructure of the Egg Membrane 43
F. E. Alekseyev and E. I. Alekseyeva: Some Aspects of the Reproductive Biology of Oceanic and Neritic Tuna (Scombridae) in the Tropical Atlantic 52
S. A. Yevseyenko and M. M. Nevinskiy: On the Development of the Eggs and Larvae of the Yellow-Tailed Dab *Limanda ferraginea* Storer and Their Passive Transport in the Northwestern Atlantic . . . 65
T. N. Belyanina: Larvae and Fingerlings of Deep-Water Fishes from the Benthic Zone of the Thalassobathyal in the Eastern Indian Ocean 75
T. A. Gorelova: Notes on Feeding and Gonad Condition in Three Species of the Genus *Gonostoma* (Gonostomatidae) 82
V. P. Ermolin: Significance of Individual Groups of Food Organisms in Fish Production 93
A. N. Kozlov: Relationship between Intensity and Periods of Protein Increase and Fat Accumulation in the Marbled Notothenia, *Notothenia rossi marmorata* (Nototheniidae) 99
M. A. Letichevskiy: Prospects of Increasing the Artificial and Natural Reproduction of the Inconnu, *Stenodus leucichthys*, in the Lower Course and Delta of the Volga 103
P. V. Veshchev: Effect of Dredging Operations in the Volga River on Migration of Sturgeon Larvae . . . 108

Brief Communications

N. V. Parin and M. F. Svetlov: *Scopelosaurus hamiltoni* (Notosudidae) in the Scotia Sea 113
V. I. Pinchuk: Mistaken Identification of the So-Called "Dogfish," a Member of the Gray Shark Genus, *Carcharhinus*, from Open Waters of World Oceans 115
V. N. Ivankov, S. N. Padetskiy, V. S. Floryak, N. I. Churikova, and Yu. I. Gavrenkov: Neotenic Females of Cherry Salmon, *Oncorhynchus masou*, of the Krivaya River (Southern Primorye) 118
E. Yu. Krysanov and V. N. Elovenko: Structural Peculiarities of the Karyotype of the Amur "Sleeper" *Perccottus glehni* (Eleotridae) in Different Parts of Its Range 124

Number 6

V. P. Shuntov and V. P. Vasil'kov: Long Term Population Fluctuations of North Pacific Sardines. I. Population Dynamics of the Eastern Sardine, *Sardinops sagax melanosticta*, and California Sardine, *Sardinops sagax caerulea*, in the Twentieth Century 1
F. V. Krogius: The Role of Resident Fish in the Reproduction of Anadromous Sockeye Salmon, *Oncorhynchus nerka* 14
S. A. Abdel-Malek: Biological Productivity of Lake Qarun (Arab Republic of Egypt) 22

V. D. Spanovskaya and V. I. Lapin: Ecology of *Cyclothone microdon* in the Southern Part of the Pacific Ocean 33
O. D. Borodulina: Food Composition of Yellowfin Tuna *Thunnus albacares* (Scombridae) 38
L. D. Khorevin, V. A. Rudnev and A. P. Shershnev: Predation on Juvenile Pink Salmon by Predatory Fishes During the Period of Their Seaward Migration on Sakhalin Island 47
A. M. Kaev: Age and Growth of Chum Salmon, *Oncorhynchus keta*, from Iturup Island 54
A. A. Kovtun: Age and Growth of Autumn Chum Salmon, *Oncorhynchus keta*, from Sakhalin 61
N. V. Belova: Ecological-Physiological Peculiarities of Semen of Pond Carps. II. Change in the Physiological Parameters of Spermatozoids of Some Carps under the Influence of Environmental Factors 70
N. V. Kovalevskaya: Development of Flying Fish, *Hirundichthys marginatus* (Exocoetidae) 82
V. N. Efremenko, A. N. Kotlyar and L. A. Lisovenko: Sex Cycles, Fecundity, and Distribution of "Limbless" Soles of Family Bothidae from the Southwestern Atlantic 89
V. A. Bezdenezhinykh and V. B. Petukhov: Oogenesis of the Common Eel, *Anguilla anguilla* 100
V. M. Korovina and E. A. Dorofeeva: Structural Peculiarities of the Midgut of *Salmo ischchan gegarkuni* 106
I.A. Barannikova, N.N. Bayunova and A.A. Strel'bitskaya: Interrenal Gland Development During Ontogenesis of Sturgeons and Its Response to Changes in Water Temperature 115
L. I. Shubina and T. L. Rychagova: Dynamics of Fat and Water Metabolism in Caspian Shad, *Alosa caspia caspia*, in Relation to Its Biological Peculiarities 123
V. M. Kychanov and S. A. Leont'ev: Salt Tolerance and Fraction Composition of Hemoglobin in Young Inconnu *Stenodus leucichthys* 128
I. A. Shparkovskiy, I. D. Pavlov, N. V. Troshicheva and D. V. Klets: Response of Pink Salmon, *Oncorhynchus gorbuscha*, and Atlantic Salmon, *Salmo salar*, to Amino Acids During Spawning Migration 135
V. V. Ovchinnikov: Sun-Compass Response and Possibility of Sun Orientation of Fishes 141
Yu. I. Sazonov: *Talismania brachycephala* Sp. N. (Alepocephalidae, Salmoniformes)–A New Species from the Northwestern Pacific Ocean 151
Yu. S. Mel'kikov: Distribution and Some Biological Properties of Three Flatfish Species (Fam. Psettodidae and Bothidae) near the Western Coast of the Indian Peninsula 154
I. G. Grechanov and V. M. Volodin: Experimental Study of Sperm Resorption in the Testes of Bream, *Abramis brama*, from Rybinsk Reservoir 158
V. G. Petrova: Electron Microscopic Study of the Epithelium of Distal Nephron Section and Kidney Tubules of Fresh-Water Teleostean Fishes 163
B. P. Kostrov: Effect of ^{32}P and Mercuric Chloride on the Embryonic Development of Loach, *Misgurnus fossilis* 167
G. Bustamante and M. I. Shatunovskiy: Seasonal Dynamics of Some Morphophysiological and Biochemical Parameters of the Bar Jack, *Caranx ruber* (Carangidae)), in the Southwestern Region of the Cuban Shelf 170
